Post Operative Instructions

SUCTION LIPECTOMY NECK

1. Please take all medications as directed
2. Sleep on 2 or 3 pillows to keep the head elevated. This will reduce swelling
3. Apply ice packs to the neck as much as possible for the first 48 hours
4. REST ONLY. Do no exercise. Keep cool
5. Always clean your hands before touching or caring for your wounds
6. After 3 days you may remove the garment to shower each day. Do not disturb the white tape. After drying your skin, replace the garment and continue to **wear it 24 hours a day** until your next appointment with Dr. Sjarif
7. Expect some swelling of the face. A small amount of blood ooze through the bandage can also be expected
8. Further instructions will be given when Dr. Sjarif removes the dressings. (You can expect to wear the garment at home at night for a further two weeks after the dressings have been removed.)
9. If there is excessive redness or irritation with your wound/s, or signs of infection, or if you develop a fever above 37.5°, please telephone our rooms on the numbers above. If you are unable to contact us at the rooms, please telephone the after hours number instead

Follow up appointment:
