Post Operative Instructions

BREAST REDUCTION

1. Please take all medications as directed
2. **DO NOT TAKE ASPIRIN**
3. Always clean your hands before touching or caring for your wounds
4. Keep the dressing dry and intact, and try not to disturb the drain/s
5. Please sleep on your back raised on 2 or 3 pillows. Do not sleep on your side
6. Do not drive a car, lift anything heavy or raise your arms above your head for the first two weeks. Please restrict your arm movements, and for the first few days try to keep your elbows down at your sides
7. Please rest as much as possible for the first few days after your operation
8. If there is excessive redness or irritation with your wound/s, or signs of infection, or if you develop a fever above 37.5°, please telephone our rooms on the numbers above. If you are unable to contact us at the rooms, please telephone the after hours number instead
9. **Please bring your crop top with you to your first post-operative visit**
